Harden Murrumburrah Regional Development Corporation celebrates achievements and farewells COO

MEDIA RELEASE

17 July 2019

Mr Richard Fleming, the Chair of the HRDC Committee announces the departure of COO Tony Holland, who leave his position in early August to take up a senior role with the Red Cross Blood Service in Victoria.

“Tony’s contribution to the organisation, the local community and the wider region has been outstanding. We are delighted with the progress we have achieved together in such a short time, including the development of a mentoring program, loneliness prevention project, increase in association membership and improved relationships with Council and the Business Community just to name a few,” Mr Fleming said.

“Despite our disappointment in losing Tony to Melbourne for personal reasons, the groundwork that he has established will pay dividends for the community for many years to come,” Fleming noted.

“The recruitment process is now in full swing and we look forward to welcoming a new person to continue the work of building the economic and social and emotional wellbeing of Harden Murrumburrah,” Mr Fleming commented.
